

Comparison of Transfer and Vocational Student Retention and Completion Rates

Cohort includes all new transfer students who entered Grays Harbor College during fall, winter, or spring 2003-04. Retention and completion were tracked over nine quarters.

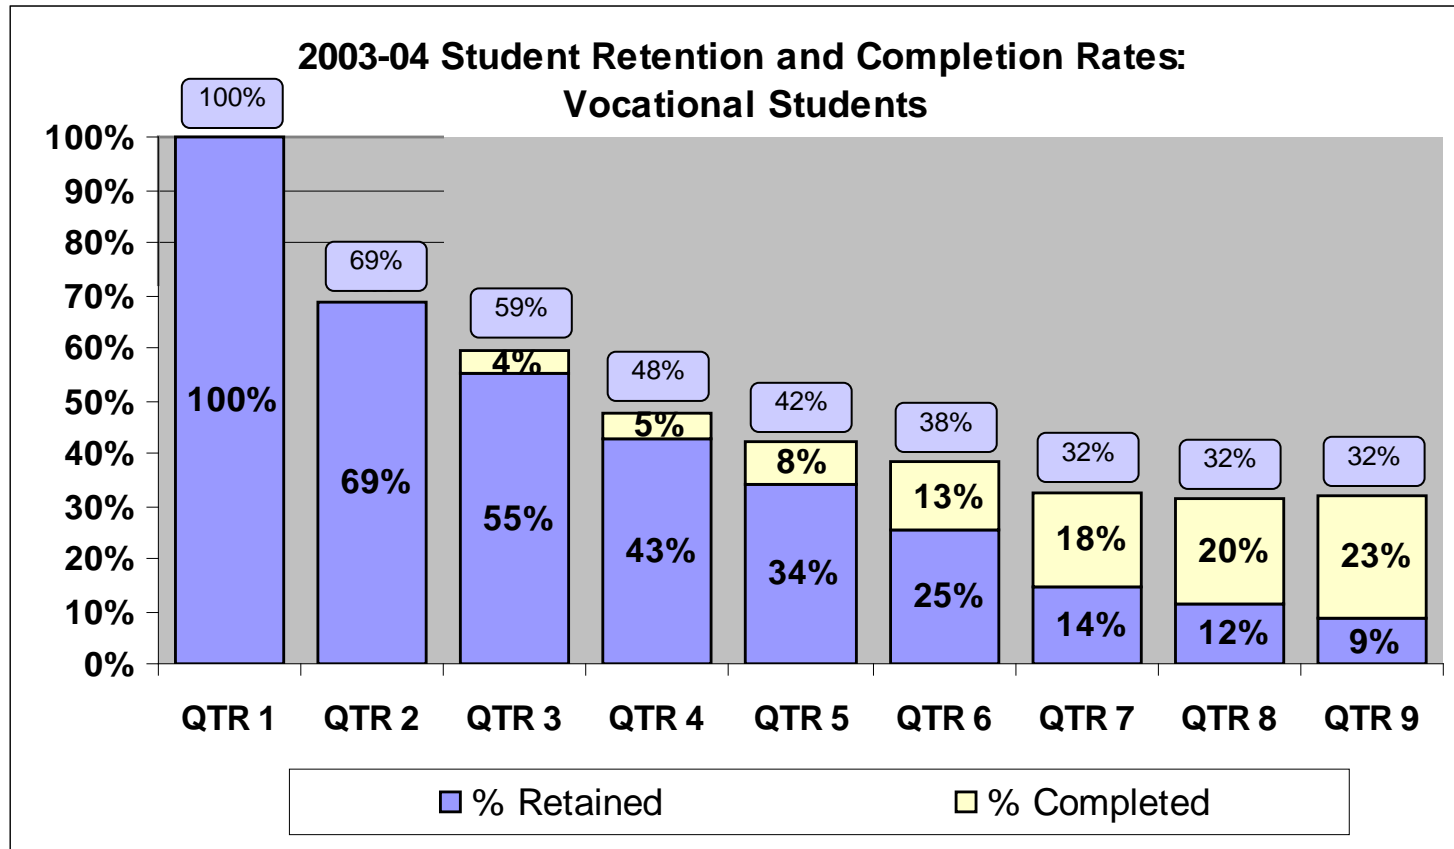

n=135 students

Selection Criteria: State-supported **new** or **transfer-in** students, excluding summer starters. Includes only Transfer Students or students with Vocational preparatory or Vocational preparatory applicant stated as intent. Planned length of attendance of (a) one year, (b) up to two years with no degree planned, or (c) long enough to complete a degree.

Students are designated as 'completed' when they receive a degree or Certificate of Completion.

Cohort includes all new vocational students who entered Grays Harbor College during fall, winter, or spring 2003-04. Retention and completion were tracked over nine quarters.

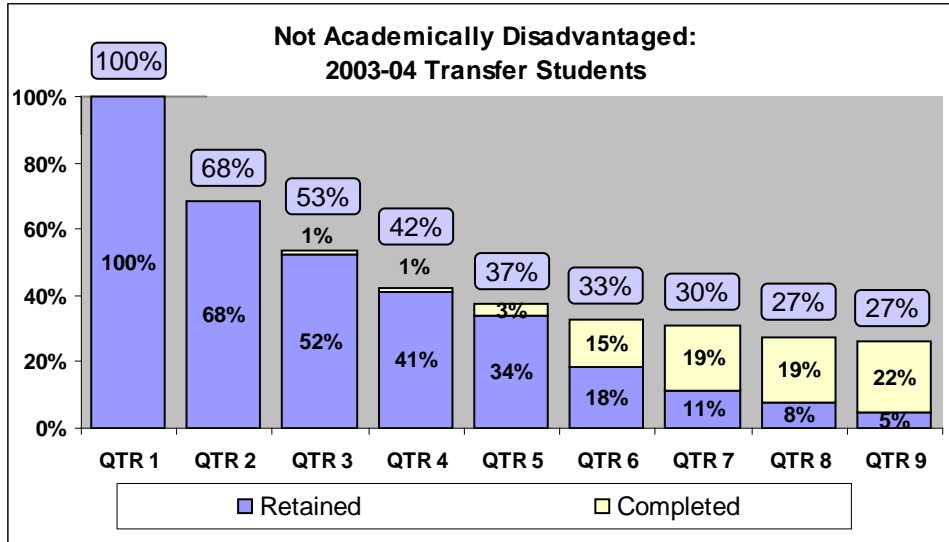

n=138 students

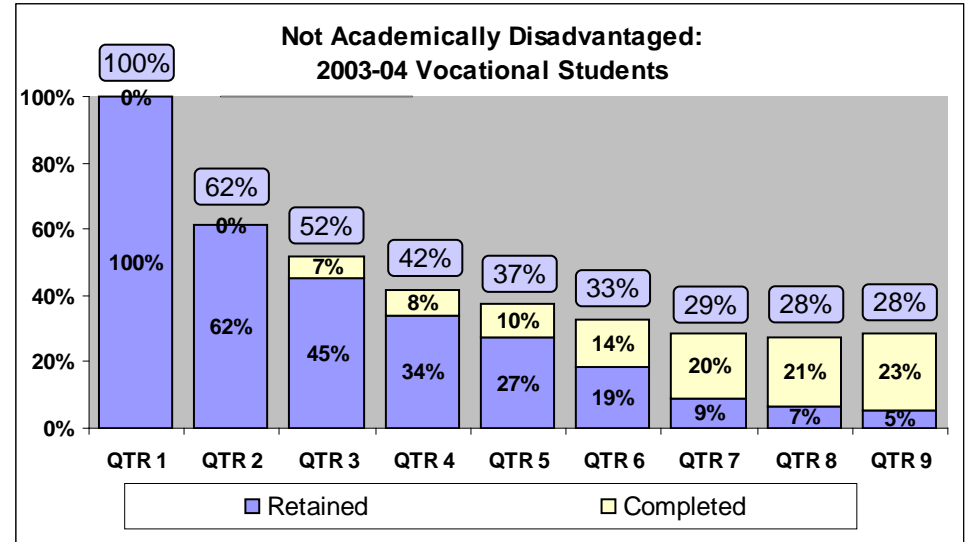

Selection Criteria: State-supported **new** or **transfer-in** students, excluding summer starters. Includes only Transfer Students or students with Vocational preparatory or Vocational preparatory applicant stated as intent. Planned length of attendance of (a) one year, (b) up to two years with no degree planned, or (c) long enough to complete a degree.

Students are designated as 'completed' when they receive a degree or Certificate of Completion.
